

COVID-19 Commercial Update to Industry Stakeholders May 8, 2020

KEY MESSAGE

The Canada Border Services Agency wishes to thank our industry partners for their effort and support in keeping essential people and goods moving.

Key Issues

Alternatives to Paper Processing

- The CBSA continues to expand the use of email and electronic stamping, in lieu of paper submissions of commercial documentation.
- Clients need to obtain confirmation from the local office prior to sending documents by email.
- An updated list of ports and contact information is below. Please see Annex A for further details.

Other Sources of Information

- On May 6, Transport Canada released guidance on personal protective equipment and their uses by commercial vehicle drivers: <https://www.tc.gc.ca/eng/motorvehiclesafety/personal-protective-equipment-uses-commercial-vehicle-drivers.htm>

- All documents are still required, in the correct order;
- For release requests, an EDI exception lead sheet must be provided, per D17-1-4;
- In lieu of coloured wrappers, write the wrapper colour specified in the D-memo on the first page, to enable the triage of requests;
- Additional information and procedures will be provided by the port;
- Non-compliant requests will be rejected.

- Two copies are required for fax submissions, one for CBSA retention, and one to be stamped and returned to client;
- Indicate contact name, phone number and email address.

Electronic CBSA stamps:

Some CBSA offices will return electronically stamped documentation to clients by email. As the electronic versions of the stamps appear differently from the physical stamps, they are being shared here for awareness.
